Mor then 15 thousand people were gathered in the vilage near the border to commemorate the Grek masacre and seek amendment of the injustice.

Thousand of cams were killed and buried in comon graves, thousand other took the runaway to escape from the terror going to neighbourspecially in turkey, etc. Grek Stateyet has not seek pardon and give reasonings of the penance,

contrary continues to be capricious in the way of the crime and provocation disaffirming Cam land-banks and return of them there.

The meeting of Jun 27 had a clear signal for those with eyes and ears. Other developments will have brought the future. Albanians communists had expressed openly their opinion and standing in protection of the Cameria people rightness and all Albanian nations in Balkan. Every creeping and capricious standing from our neighbors is not other only an investment for enmity and armed conflicts.

- **Monte Negro win independence**

After finishing of referendum Monte Negro declared independence separating from Serbia. That long-awaited day is done possible with the help of Albanians vote that living in this republic in ancestral land-bank which are annexed with decisions of Berlin Congress (1878) and London Conference (1913-14).

Whereas that small country had rightness of the referendum organizing, Kosovo with a threefold population was ignored. What has pacified imperialist big powers with Albanians? Do want to include them again to a new war?

- **Our struggle is straight and will be won**

Greetings of Party of Labor of Albania

Addressed to European Social Forum

Athens

Dear comrades and friends!

Conference of Athens is an important event for international communist movement and for all anti-imperialist forces. That is a need of present situation in the world where the bourgeoisie is done more oppressive, more exploitive and mo aggressive than anytime. At present it is how aggressive to worker class and to small and middle bourgeoisie. That is documented every where in the world countries and during conflicts among capitalist countries. That is a normal process which deriving from itself nature of imperialism. It can not exist without expansion without new markets.

During this time the richer are richer and the poor are poorer. This process couldn't stop never with the desire of bourgeoisie but only socialist revolution... No without aim the main struggle of bourgeoisie and its servant is Marxism-Leninism because there can be the victory way with lower cost for peoples and with more expensive cost for bourgeoisie. For

this is need cooperation of all anti-imperialist forces in the world to a common front which if will be leaded from M-L theory and practice will defeat every bourgeois dictator. If that is not clear our way to victory will be longer.

Party of Labor of Albania will be active part in this front apart from no presence to this conference physically.

Success the anti-imperialist front!

The world workers unite under the banner of Marxism-Leninism!

Only alternative is socialism!

- **GREETINGS FROM PARTY OF LABOR OF ALBANIA TO ICAD
DIYARBAKIR-TURKEY**

DEAR COMRADES AND FRIENDS.

I AM VERRY SORRY THAT I WAS NOT ABLE TO BE TOGETHER WITH YOU AT A SUCH IMPORTANT MEETING. MY COUNTRY HAS GOT A VERY PAINFUL HISTORY IN CONNECTION WITH THE THEME THAT WILL BE DISCUSSED THERE. DURING THE 19-th CENTURY, HALF OF ALBANIAN POPULATION IN MONTENEGRO, MACEDONIA AND SERBIA WAS FORCED BY VIOLENCE TO LEAVE ITS OWN LAND. A SIMILIAR SITUATION CONTINUED EVEN IN THE 20-th CENTURY. TURKEY, AUSTRY AND GERMANY WERE THERE MAIN REFUGE. OVER 100.000 PEOPLE WERE KILLED AND SLAUGHTERED, FOR THE ONLY FACT THAT THEY WERE ALBANIANS AND HAD FOUGHT FOR FREEDOM AND EQUALITY AMONG NATIONS.ABOUT 1 MILLION ALBANIANS GOT VIOLENTLY CHASED AWAY FROM THEIR LAND BY MILOSEVIC 'FASCHIST REGIME AT THE END OF THE PAST CENTURY. 2000 PEOPLE (MEN, WOMEN, MOSTLY YOUNGSTERS) FACED INHUMAN TORTURES INSIDE THE PRISONS, 5000 PEOPLE DISSAPEARED WITHOUT A TRACE AND OVER 10.000 PEOPLE WERE KILLED.

NOT LESS TRAGIC IS THE HISTORY OF AUTOCHTHON ALBANIAN POPULATION INSIDE THE GREEK STATE. ONLY THE LAST CENTURY OVER 250.000 PEOPLE WERE CHASED AWAY VIOLENTLY FROM THEIR

LAND, THOUSANDS OF OTHERS WERE SLAUGHTERED. THE CAMERIA POPULATION WAS TOTALLY DENIED THE RIGHT TO GET BACK TO THEIR OWN HOMES. THE GREEK STATE RECENTLY PUT THEIR PROPERTIES ON THE MARKET CREATING THE BASE FOR AN ARMED CONFLICT. 2000 THOUSANDS KOSOVARS WHO HAD BEEN VIOLENTLY CHASED AWAY FROM THEIR COUNTRY CAME IN GJIROKASTER IN 1999. OVER 152 REFUGEES (ABOUT 7, 6%) CAMPED WITH PSYCHOLOGICALLY PROBLEMS AS A RESULT OF THE TORTURES THEY WENT THROUGH AT THE HANDS OF THE SERBIAN OCCUPATORS. IN THE FUTURE YOU WILL GET ACQUAINTED IN DETAILS WITH THIS INTERESTING STUDY. THE NOWADAYS CAPITALIST WORLD IS NOTHING ELSE, BUT THE DENIAL OF HUMAN RIGHTS AND FREEDOM, AND WARS OF PLUNDER THAT COME FROM THE DEPTHS OF THE IMPERIALIST NATURE.

THE TORTURES IN THE NOTORIOUS PRISONS OF GUATENAMO BAY AND THAT OF ABUGHARIB, THE MURDER OF 250.000 INNOCENT IRAQI PEOPLE, THE DESTRUCTION OF HOUSES AND THE TERRORISING OF CIVILIAN POPULATION ARE A LIVING PROOF OF THE INHUMAN PURPOSES OF THIS WAR. THE SAME THING IS HAPPENING IN AFGANISTAN, PALESTINE, AFRICA, LATIN AMERICA AND ELSEWHERE IN THE WORLD.

NOWADAYS THE VIOLENCE IS CONTINUOUSLY PRESENT EVEN IN OTHER DIFFERENT COUNTRIES OF THE WORLD. KURDISTAN, CHECHENIA AND PALESTINE ARE A LIVING PROOF OF THE BRUTAL VIOLENCE. I HAVE HAD THE OPPORTUNITY OF MEETING SOME KURDISH AND PALESTINIAN PEOPLE WHO WERE VICTIMS OF THIS BRUTAL VIOLENCE. I FEEL PROUD OF THEIR SACRIFICES. MANY OF THEM HAVE EVEN LOST THEIR LIVES FIGHTING FOR FREEDOM AND EQUALITY BETWEEN THEIR OWN COUNTRIES AND THE OCCUPATOR'S.

LONG LIVE FOR ALWAYS THE NAME AND WORK OF THE NATIONS'FREEDOM FIGHTERS!

GOOD LUCK AND SUCSESS TO THE DIYARBAKIR-TURKEY CONFERENCE!

DR.LAVER STROKA, THE CHOSEN REPRESENTATIVE OF THE ALBANIAN LABOUR PARTY TO TAKE PART AT ICAD.

GJIROKASTRA, 15-05-2006

- **Mobile phone robs the Albanians**

Mobile phone in Albania has the prices much more than in neighboring and developed countries. Before 2 years Democratic Party accused socialist Prime Minister Fatos Nano in Parliament for that purpose as stealer of the Albanians why to call from our country to out country can pay 2.3 times more than conversely.

After one year in power DP is doing the same thing like socialist party. The connoisseurs are considering that as a clear theft for which the state must correct. The Albanians now have clear that bourgeoisie power thinks not for people but for big bourgeoisie in country and out because it is sponsor of the powermen to take and to hold the pyramid chairs.

- **The remove from the work of oppositors –Berisha's priority**

Berisha's Power removes from the work over 10 thousand oppositors from state administration. That is done only for political motivation. Substitutors are not taken in work with competition and state budget pay for one year a salary for them which won the trials.. The country every day is going to deep poverty whereas government increase the earnings for powermen.

- **Violence and superpopulation in jails**

According some national and international independent organizations, the jails in Albania are overpopulated. The convicted men are violated physically and psychically using means that let not signs.

Thousands are staying for months and years without one fact. Number of the jails is increased after 1990, but again superpopulation is a reality. The press published a scandal where the delinquents and capobands are ordering with mobile phone their dependants and criminal bands from the jails as result of the corruption in administration.

Another problem is the mysterious disappearance of the witness.

- **Brucelosis as in the time of King Ahmet Zogu**

The disease of Brucelosis is reappeared after the year 1990 and now is frequently in forms of the endemy. During 1996-2000 are hospitalised midly 2.1 patients every eek. This year for 20 weeks the number of hospitalisations for brucelose is 2.9 every week. In the time of the socialism state were arrived extraordinary succes in the kontroling of zoonoses and other infectious and parasitic diseases. The brucelosis on these years is one from the reappeared diseases that bring to mind the years of the monarchy of Ahmet Zogu(1924-1939)
